

SevenFifty Daily

SevenFifty Daily's 2018 Innovators

Welcome to the inaugural edition of *SevenFifty Daily's* Innovators.

This is an annual platform to recognize the vanguard of professionals who are changing the drinks industry as we know it. Through their companies and initiatives, these creative entrepreneurs are introducing new ideas, effecting change, and shaking up the status quo.

With concepts and projects that span the categories of wine, beer, and spirits—from winegrowers fostering biodiversity in the vineyard to yeast researchers paving the way for fresh flavors in beer—these trailblazers are forging new paths in the beverage alcohol space.

Join us in congratulating our 2018 Innovators!
